Dear Parents:

Thank you for your interest in St. Andrew Preschool. We look forward to counting you and your child as part of our St. Andrew family. Our primary goal is to offer your child a safe and healthy environment designed to promote development. We are here to support you in the joy of raising your child, and hope to be your partners in this effort. Please feel free to contact us should you have any additional questions about our program.

In the Enrollment Packet, you will find the Student Information Sheet and other information that needs your attention and signatures. Pay close attention to deadlines and fees to hold your child's placement in a class. These forms and the Annual Fee are due by May 1, 2019. We want the transition to preschool to be a smooth one. We want parents to have to avoid standing in lines on the first day of school.

Working together we can set your child on track for a healthy and happy childhood full of wonder and the joy of learning.

Blessings,

Carol and Jim Carnegie
Preschool Director

State regulations require that children must be 30 months by September 30 2019 to be enrolled in the Playful Pigs class.

Appropriate paperwork such as custody papers shall be attached if a parent is not allowed to pick up the child. • NOTE: Section 22.1-4.3 of the Code of Virginia states that unless a court order has been issued to the contrary, the noncustodial parent of a student enrolled in a public school or day care center must be included, upon the request of such noncustodial parent, as an emergency contact for events occurring during school or day care activities. 032-05-252/11 (06/05) (over)

AGREEMENTS 1. The child day center agrees to notify the parent(s)/guardian(s) whenever the child becomes ill and the parent(s)/guardian(s) will arrange to have the child picked up as soon as possible if so requested by the center.

2. The parent(s)/guardian(s) authorize the child day center to obtain immediate medical care if any emergency occurs when the parent(s)/guardian(s) cannot be located immediately.

3. The parent(s)/guardians agree to inform the center within 24 hours or the next business day after his child or any member of the immediate household has developed a reportable communicable disease, as defined by the State Board of Health, except for life threatening diseases which must be reported immediately. Person Viewing Documentation _____

Proof of the child's identity and age may include a certified copy of the child's birth certificate, birth registration card, notification of birth (hospital, physician or midwife record), passport, copy of the placement agreement or other proof of the child's identity from a child placing agency (foster care and adoption agencies), record from a public school in Virginia, certification by a principal or his designee of a public school in the U. S. that a certified copy of the child's birth record was previously presented or copy of the entrustment agreement conferring temporary legal custody of a child to an independent foster parent. Viewing the child's proof of identity is not necessary when the child attends a public school in Virginia and the center assumes responsibility for the child directly from the school (i.e., after school program) or the center transfers responsibility of the child directly to the school (i.e., before school program). While programs are not required to keep the proof of the child's identity, documentation of viewing this information must be maintained for each child. Section 63.2-1809 of the Code of Virginia states that the proof of identity, if reproduced or retained by the child day program or both, shall be destroyed upon the conclusion of the requisite period of retention. The procedures for the disposal, physical destruction or other disposition of the proof of identity containing social security numbers shall include all reasonable steps to destroy such documents by (i) shredding, (ii) erasing, or (iii) otherwise modifying the social security numbers in those records to make them unreadable or indecipherable by any means. 032-05-252/11 (06/05)

Proof of Identify is available for _____ in the form of a Birth Certificate in student's cumulative folder.

St. Andrew Preschool's Potty Training Policy

Toilet training can be a difficult developmental issue, and we want to be as supportive of parent's efforts as possible. This being stated, parents are expected to be in the process of potty training prior to the first day of school.

Playful Pigs 2.5 Students will be encouraged to use the bathroom during the day. Children who are still in the process of potty training must wear "pull-ups" to school. No diapers will be allowed. Please notify the teacher if your child is still wearing a pull-up and is not fully potty-trained. Pull Ups will need to be furnished.

Playful Pigs, 3 Year Old Students, and All Other Classes are expected to be fully potty trained in September. We understand that the first few weeks at a new school can be overwhelming for any child. Even children who have been trained for a long time suffer occasional lapses when they are engrossed in activities, are overtired, excited or in new surroundings. We realize that an occasional accident may occur. Please be sure that your child has a complete set of extra clothes in a labeled gallon-size Ziploc bag. Include a second Zip-Loc bag, underwear, pants, shirt and socks.

All children are observed by their teachers for the first several weeks of school to assess whether or not children are trained. If a child does not appear to be trained, the Director will call for a conference with the parents. Such conferencing will take place beginning 30 calendar days following your child's start in our school. If by then the child has not shown progress toward toileting success, the Director will need to make a decision about the child continuing in the program.

Please sign and return it to the director.

I have received a copy and understand St. Andrew Preschool's Potty Training Policy.

St. Andrew Preschool's Health and Immunization Policy

Initial Entry into the Program

All children are required to have a physical (School Entrance Health Form) dated within one year of entering the program.

A complete Commonwealth of Virginia School Entrance Health Form, Comprehensive Physical Examination and Certification of Immunization must be received by August 30th in order for the child to attend preschool.

St. Andrew Preschool's immunization policies are based on the requirements of the Commonwealth of Virginia, the Virginia Department of Health, and the Virginia Department of Social Services. State Law (Ref. Code of Virginia, 22.1-270) requires that children be immunized and receive a comprehensive physical examination before entering preschool.

Sample forms are attached to the registration packet but doctors may use their own forms.

Please sign this form and return to the Director.

I have received a copy and understand St. Andrew Preschool's Health and Immunization Policy.

The following immunizations are required to begin preschool:

Required Immunizations for 2.5 and 3 Year Olds

- 4 DTaP/DTP
- 3 Polio (IPV)
- 1 MMR
- 1 Varicella (Chicken Pox)
- 3 Hepatitis B
- Hib (minimum of 2 or 3 doses)
- PCV (1 to 4 doses dependent on age at first dose)

Required Immunizations for 4 Year Olds

- 4 DTaP/DTP (minimum) with one dose on or after the 4th birthday
- 4 Polio (IPV) with one dose on or after the 4th birthday
- 2 MMR with one dose after the 4th birthday
- 2 Varicella (Chicken Pox) with one dose after the 4th birthday
- 3 Hepatitis B
- Hib (minimum of 2 or 3 doses)
- PCV (1 to 4 doses dependent on age at first dose)

Certain immunizations cannot be given until the child turns 4. Parents are responsible for turning in an updated immunization form within 30 days after the child turns 4. The child will not be able to attend until the updated immunization form is received. The child's spot will be held for the next 30 days.

MEDICAL EMERGENCIES AND ILLNESSES

The problem of communicable disease is prevalent in every group and St Andrew is no exception. If a child becomes ill at St. Andrew, the director or teacher will immediately notify the parents. The child will be kept separated from the group until taken home. St. Andrew Staff is not allowed to administer over the counter or prescription medications except in emergencies. Students need to be symptom free for a 24 hour period without the aid of medication.

Parents must make other arrangements for the care of their children when they show any of the following symptoms.

Children will not be permitted at our school with any of the following conditions:

1. Fever of 100 degrees under arm (auxiliary) or higher within the past 24 hour period,
2. If they have one or more of the following: diarrhea, earache, shows signs of irritability or confusion, sore throat, rash within a 24 hour period.
3. Vomiting on two or more occasions within the past 24 hours.
4. Diarrhea - three or more watery stools in a 24-hour period.
5. Draining rash or undiagnosed rash lasting over a 24-hour period.
6. Eye discharge or pink eye. Children can be readmitted after medical diagnosis to rule out bacterial or viral infection, or 24 hours on antibiotic treatment.
7. Fatigue that prevents participation in regular activities.
8. Open oozing sores and scabs, unless properly covered and 24 hours on antibiotic treatment.
9. Head lice - until treatment is effective and a follow-up check has been made by school personnel.

In the case of minor injury or accident, the staff will administer basic first aid. All injuries or illnesses not requiring immediate parental notification will be documented and reported to parents when the child is picked up at the end of the day.

In case of medical injury or illness requiring immediate professional care (emergency), the staff will call 911, giving location and nature of emergency. As appropriate, the staff will administer CPR or first aid measures. Parents will be notified immediately. If parents are unavailable, those individuals designated as emergency phone contacts will be notified. **All children must have an emergency medical release form on file in case of such an emergency.**

Food Allergies

In the event that a Preschool student has a severe food allergy, the following Allergy Policy will apply:

A **Food Allergy Action Plan** must be turned in to the director from the child's doctor before school begins. The Action Plan will be posted in the classroom with the student's name, photograph, allergy information, and instruction plan.

If the child has a nut or other food allergy, the classroom that child attends will be designated "name of food-free" during the school day (this includes snack and lunch). This is based on a good faith effort by the entire school and preschool families, in order to reduce the chances of a life-threatening situation. Although we do not ban peanut butter in classrooms that have students with peanut allergies, we strongly encourage parents to use alternative peanut butter that does not contain peanuts to help us create a safe and healthy environment for all our students. These can be found in local supermarkets.

The Preschool cannot guarantee an allergen free environment, but with the implementation of the Allergy Policy, we can greatly reduce the risk of an allergic reaction occurring.

The allergic child's parent(s) will work with the school to prepare and distribute an approved snack/lunch list to the parents in the classroom. Snacks must be provided in the original packaging, so the teacher can verify ingredients. The preschool staff will be trained in the use of the EpiPen, Jr.

Asthma

In the event that a Preschool student has asthma, the following Asthma Policy will apply: An Asthma Action Plan from the child's doctor must be turned in to the director. The Asthma Action Plan will be posted in the classroom with the student's name, photograph, asthma information, and instruction plan.
